

Continuing Education Schedule 2026

Clinical CE for Chiropractors & Clinic Staff

CE that Moves Your Practice Forward

Healthcare is constantly evolving, and so are your patients' needs. Continuing education ensures you stay at the forefront of evidence-based care, expand your skill set, and deliver superior outcomes. WCA classes provide hands-on experience, practical protocols, and certifications that open new service opportunities, increase revenue, and improve patient satisfaction.

License Renewal Deadline December 14, 2026

Every two years, all licensed DCs, CTs and CRTs must renew their license. DSPS typically opens the renewal window in October.

Recently Licensed?

If you received your license after 12/15/24, you must still renew your license (but you don't need to take CE hours this biennium). Sign in to LicenseE to confirm your renewal date.

Wisconsin Continuing Education Requirements

Certification Courses for Staff

Certified staff can assist with exams, be delegated therapies, take patient histories, and even handle radiographic imaging, which can help DCs to focus on adjustments and complex cases. Investing in your professional development can help create a stronger, more profitable practice.

Chiropractic Radiological Technician (CRT) Course

48 CE CRT - Certification | 12 CE CRT - Renewal

This 48-hour series is approved by the Wisconsin Chiropractic Examining Board and satisfies the legal requirements for chiropractic assistants to take X-rays.

Speaker: Dr. Wendy Varish

CRT Certification - Full Course Dates:

- Oct 10-11, Oct 17-18, Oct 24-25

CRT Renewal Course - Choose One:

- Oct 10 | Fond du Lac
- Oct 17 | Fond du Lac
- Oct 24 | Fond du Lac

Fundamentals of Exercise Rehabilitation

24 CE DC/CT

Licensed CTs may add the Exercise Rehab specialty by attending the complete 24-Hour course (which also counts as CT renewal hours).

DCs are encouraged to attend with their CTs to ensure consistency of communications and expectations.

Speaker: Dr. Jeffrey Sergeant

Complete Course Dates:

- Oct 10 | 8 AM - 8 PM | Cedarburg
- Nov 7 | 8 AM - 8 PM | Cedarburg

Chiropractic Technician (CT) Course & Modalities

CT Light Therapy & Cold Laser

2 CE CT - Online

This course covers the foundational science and safe clinical application of light therapy.

This is a 3-hour Light Therapy Certification course, as required by the Wisconsin Chiropractic Examining Board for CTs. It provides 2 Continuing Education (CE) hours for CTs because Wisconsin limits CTs to 2 online CE hours per biennium

July 13 | 1-4 PM

Speaker: Dr. Wendy Varish

Renewing Both CT & CRT Licenses Together? You may renew both your CT and CRT licenses at the same time if the course you take is approved for both credentials.

Using a Combined Course

- A 12-hour CT/CRT-approved course will fully satisfy the renewal requirements for both licenses.

Mixing Online and In-Person Hours

- You may take up to 2 hours online.
- You will still need 10 hours of in-person CE from a course approved for both CT and CRT.

In-Person Seminars for Staff

Staff of Member DCs can access WCA benefits including continuing education discounts.

Ready to register for CE? Access WCA member rates after you create an account on the WCA website. We will send you a link to register as a sub-account of your supervising DC.
